YOUR WEDDING DESERVES THE BEST

CINEMATOGRAPHY

WHICH PACKAGE TO CHOOSE ?

Wise Cat Studios offers an experienced professional wedding cinematography service: a creative eye with the ability to capture flattering angles and compose terrific shots, the skill to anticipate important moments and ensure that emotional moments are captured forever, plus you get cinematic equipment to give you the outstanding picture quality and great sound that your wedding day deserves.

Wise Cat Studios offers next generation video format HD Blu-Ray Disc. All weddings are filmed and edited in High Definition and can be delivered on Blu-Ray DVD format for true HD experience. Now we offer 4K UltraHD !

Wise Cat Studios films your wedding with backup recoders which makes a second copy of video while filming.

BRONZE: If you want us to start shooting from the ceremony and stay until the end of the pictures (2 cameras), Bronze is a good choice.
SILVER : If you want us to start shooting from the formals (pictures), through the ceremony (2 cameras), and stay until the end of the classical events of the reception (1 camera), Silver is a good choice.
GOLD : If you want us to start shooting from the preparation, through the ceremony, and stay until the end of the classical events of the recmeption and complete 2 camera coverage, Gold is a great choice.
DIAMOND : If you want almost a full day coverage, starting from the preparation until the end of the reception, Diamond is an excellent choice.
ULTIMATE: If you want full wedding week coverage and full cinema equipment including Drone Ultimate is a perfect choice.
